Services 2025-2027

remembering the children
who have been lost

Cemetery in west of Nuremberg (Westfriedhof)

Starting **as of Spring 2025**, the children who were stillborn over the previous 6 months will be laid to rest in the burial ground for stillborn children, in a service of remembrance. At the same time, it is a chance to remember all the children who were laid to rest here over the previous years. All those who have suffered the loss of a child are invited. The families can all come together in the open air and share their thoughts and feelings, which are indescribably difficult yet live on as part of them. All prayers and thoughts can ascend into heaven – to the children who will always be here with us.

Service of remembrance in Spring (always the last Saturday in April):

With burial of the children who were born and who died between the 01.07.-31.12. of the previous year.

Cemetery Fürth (Friedhof Fürth)

Every year at the beginning of May there is a service of remembrance in the burial ground for "Angel Babies" (Sternenkinder) at the cemetery in Fürth, for parents who have lost a child. The vibrant colours of spring offer everyone new strength. Music and words help with navigating the grief.
