

News from the City Hall Information

**City of Nuremberg
Press and
Information Office**

Head:

Dr. Siegfried Zelnhefer

Fünferplatz 2

90403 Nürnberg

www.presse.nuernberg.de

Opening of the Nuremberg Christmas Market on Friday, November 30, 2018, 5.30 p.m. – Technical Remarks for Media Representatives:

As in previous years, a platform will be provided for photo journalists. Unless you have already done so, we would ask you to register with the Press and Information Office. The Accreditation Form is available for download at www.christkindlesmarkt.de, navigation tab “Presse” or at www.nuernberg.de/internet/pr/

For telephone information, please contact:

Thomas Meiler Tel: +49(0)9 11 / 2 31 - 85 00

Access to the press platform will be exclusively from the western side of the Main Market Square. There will be a narrow entry gap between the stands “Sternlasweg” and “Beim Zwetschgamoh”. Please bring along your accreditation and your press ID as access authorisation. Since we are again expecting very many visitors, you should be in position on the platform by 5 p.m. at the latest. Places will be allocated by the Press Office. Since there is a lot of media interest in the opening ceremony, only photographers and two people per TV team will be admitted to the press platform.

During the opening ceremony, a split box will be provided on the platform for taking over the original sound.

All media representatives may, of course, move freely around the Christmas Market – crowds permitting. We would however, ask you to observe the cordons around the nativity scene. This space is reserved for

Information

the lighting crews which provide the right atmosphere for the opening ceremony.

Seite 2 von 2

As in previous years, street lighting and the lights in the stands will be switched off as soon as the opening ceremony starts. There will, however, be twelve singers among the children's choir carrying stars, providing a gleam of light during the ceremony, before the Nuremberg Christkind is lit up brightly on the gallery of the Church of Our Lady.

Any matters concerning the market or construction on the market square will be dealt with by the City of Nuremberg Markets Department:
