Information about the library

Registration

Registration is free of charge. To register, please bring with you an item of photo ID (passport / "Duldung" / residence permit) showing your address. If the document you bring does not show your address, we will require a certificate of registration from the residents' registration office.

Registration for children and young people

Children and young people under the age of 16 must submit a statement of permission signed by a parent or legal guardian, and the original or a copy of their ID card or passport. If you, the parent/legal guardian come to the library with your child, you can register him/her. If your child comes to register alone, please give him/her the completed and signed registration card and a copy of your passport.

Please inform us if you move house.

If you lose your library card, please inform us. We will block the card to prevent anyone else from using it. Your library card is for your sole use; do not give it to anyone else to use. You are responsible for the media loaned on the card.

Loan periods differ depending on the type of media borrowed:

Books, CDs, language course, console games, sheet music	28 days, can be extended by 2 x 28 days.

You will find the date by which you should return the medium at the latest on the loan slip. Media must always be returned to the library from which they were borrowed.

Please ask the library staff how to extend the loan period.
