

Nuremberg City Council Resolution

In light of the confrontation between Israel and the Hamas in Palestine, anti-Semitic statements and elements are being expressed in previously unimaginable ways in many cities throughout the Federal Republic of Germany. Unfortunately, this has also happened in Nuremberg.

The City Council of Nuremberg strongly condemns all forms of anti-Semitic agitation.

We are decisively opposed to every form of anti-Semitism in Nuremberg. Agitation against Jews in Germany and in our city will not be tolerated.

Jewish life in Nuremberg enjoys our very special protection and our care.

The demonstrations in the context of the Israeli-Palestine conflict must be prevented from being misused as political manifestations of anti-Semitism.

We call upon all democratic forces to counter every statement of anti-Semitic agitation.

Nuremberg, 23 July 2014
